Tap a link to open Chrome by default With 'Open in Chrome' enabled, any link you tap will automatically open in Chrome.

Map program for mac How to Change the Default Web Browser on a Mac In this Article: Article Summary Community Q&A This wikiHow teaches you how to make a web browser other than Safari your default web browser on a Mac computer.

Highlight this and a list of usable apps will appear, with the default one at the top.

I want my default program to open magnet links to be µTorrent I'm using Windows 8.. This will apply to links in email messages, texts, app, websites, and any other links.. I want to change the "default browser" for Outlook (2010) Chrome is already my default browser and links in emails open in Chrome.. But if I open an email itself, it opens in IE I couldn't find default magnet link settings in µTorrent.

1 and my browser is Chrome, I want to make the default program to open magnet links to be µTorrent.. Now simply select the alternative app that you want to use and the file will open in that program instead.
